ABSTRACT

This report provides information on degree and certificate programs offered and student program completions for fiscal year 1991-92 in North Dakota's public and private postsecondary institutions. Institutional programs are coded in accordance with the Classification of Instructional Programs (CIP Code) system. Programs are organized by level of offering: 1- and 2-year, bachelor's, or graduate. Also included are program completions by institution per level of offering, and by field of study per level of offering in the academic years of 1981-82, 1990-91, and 1991-92. Additionally, data on each institution is presented, including the institution's address, chief administrator, and school type. Also included is data on the highest level of program offerings at North Dakota colleges and universities; and a list of institutional charges (tuition, fees, room and board) for the 1992-93 academic year. (GLR)

GENERAL

INFORMATION

INTRODUCTION

This report provides information on degree and certificate programs offered and student program completions for fiscal year 1991-92 in North Dakota's public and private postsecondary educational institutions.

Institutional programs are coded in accordance with the Classification of Instructional Programs (CIP Code) system provided by the Center for Education Statistics branch of the United States Department of Education. To assist readers, programs have been organized by level of offering: one and two year, bachelor's, or graduate. Information included was provided by administrators at each institution.

Individuals desiring additional program information about vocational-technical programs should check the directory published by the State Board for Vocational Education. Students desiring information about institutional tuition, fees, room and board rates and financial aid should contact the institution's admissions office directly.

DEFINITIONS

Program Completed

A completed program is one in which the individual has met all of the requirements to obtain a degree or certificate in that field of study. This number may vary slightly from other publications that report *degrees granted* since one person may complete two programs yet receive only one degree. This publication reports only *programs completed.*

Education Codes

CIP Codes with a "13" prefix indicate a program in education. Fields of study that offer an option that includes teaching certification list the corresponding education CIP Code in parentheses. Individuals looking for education programs should look under both the "13" code and the field of study.
